DESCRIPTION:
Designed with a rising sheerline up to a powerful, flared and high signature bow, the modern Swift Trawler 37 embraces strength and purpose. The new reverse windshield not only ensures better visibility but creates a more professional trawler profile, enhanced by the longer-ratio hull windows. The new Swift Trawler 37 boasts a bigger u-shaped galley than the previous 35 ft model, with a large fridge & freezer option and significantly more storage thanks to superior work triangle ergonomics. The accompanying large u-shaped sofa easily seats six people and quickly converts to a double bunk with privacy curtain. A raised portside forward passagemaker seat has a smart lift-up table that creates a comfortable work station adjacent to the helm. Down below, the owner cabin takes priority and now benefits from a bathroom with separate shower cubicle stall and jack & jill door (for en-suite access alongside a day access door).
